PROFESSIONAL SUMMARY

Versatile graduate with experience in frontend development, product management, research, and education, blending technical and analytical skills to build user-focused solutions and drive meaningful impact.

EDUCATIONAL QUALIFICATIONS

B.Sc. Ekiti State University, Ado Ekiti, Ekiti State. Discipline: Plant Science and Biotechnology (Second Class Honors, Upper Division)	Feb 2024
O' Level (WASSCE & NECO) FSTC, Usi Ekiti, Ekiti State.	2016-2018
First School Leaving Certificate Tinuola Maximum Schools, Ado Ekiti.	2007-2012

CERTIFICATIONS AND TRAININGS

Coursera and Meta (Online) Professional Frontend Development Certification	2023
Ekiti Digital Skilling Academy (Online) Frontend Development Certification	2024
Women Techsters Fellowship (Tech4dev) Software Development (Frontend)	2024
Great Learning Introduction to JavaScript	2024
Pendo Product Management Basics	2025
AQskill Professional Product Management Certification	2026
Nigeria Data Protection Commission (NDPC) Data Protection Officers Certification	2026

WORK EXPERIENCE

Graduate Intern (National Youth Service Corps) | April 2024 – March 2025 **Kwara Poly Secondary School, Ilorin, Kwara State**

- Designed and delivered structured learning experiences that improved student engagement and participation through structured lesson delivery.
- Applied effective communication and classroom management skills to coordinate and lead groups of students.
- Monitored and analyzed student progress, adapting teaching methods to meet diverse learning needs.
- Collaborated with school staff to support academic planning and student development initiatives.

Undergraduate Research Assistant | February 2023 – August 2023 **Department of Plant Science and Biotechnology, Ekiti State University, Ado Ekiti.**

- Conducted experimental research on the insecticidal properties of Delonix regia plant extract against Callosobruchus maculatus infesting stored cowpea seeds.
- Designed and executed laboratory tests to evaluate effectiveness, including treatment preparation, sample monitoring, and data collection.
- Analyzed experimental data to assess mortality rate and infestation control, contributing to sustainable pest management research.
- Documented findings and prepared research reports, supporting academic publication and presentation.

Undergraduate SIWES Intern | February 2022 – July 2022 **National Horticultural Research Institute**

- Performed molecular biology techniques including DNA and RNA extraction, as well as PCR amplification for research analysis.
- Assisted in laboratory experiments, ensuring accurate sample preparation, handling, and documentation of results.
- Participated in fieldwork activities involving crop monitoring, sample collection, and data recording.
- Applied laboratory and field research methods to support studies in plant science and agricultural biotechnology.

Frontend Developer | January 2024 – June 2024
GFA Technologies (Intern)

- Streamlined codebase by refactoring HTML, CSS, and JavaScript for improved performance and maintainability.
- Created custom animations and transitions for engaging user interfaces that increased customer satisfaction rates.
- Assisted in debugging issues promptly by identifying root causes and implementing appropriate solutions, minimizing downtime for end-users.
- Collaborated with designers to ensure seamless implementation of UI/UX designs into functional web pages.
- Contributed ideas during brainstorming sessions about new features or improvements needed in existing applications based on client feedback or personal observations from user interactions with the software.
- Integrated RESTful APIs for seamless data exchange between the front-end application and back-end services.

Frontend Developer | July 2024 – Present
GFA Technologies

- Worked closely with back-end developers to enhance website functionality and implement new features.
- Managed code changes efficiently using version control systems like Git.
- Ensured optimal website performance through regular updates and by resolving compatibility issues across different platforms.
- Strengthened website security by incorporating modern encryption techniques to protect user data and build trust.
- Developed responsive features for both mobile and desktop platforms using HTML, CSS, JavaScript, and JavaScript frameworks like React and Next.js.
- Developed user-friendly templates for SMEs and business owners to enhance their business applications.

Product Manager | May 2026 – Present
Int+ Technology (Intern)

- Assist in defining product requirements and documenting feature specifications based on business and user needs.
- Collaborate with designers and developers to support the delivery of product features and improvements.

- Conduct basic user and market research to inform product decisions and identify improvement opportunities.
- Participate in product planning sessions, contributing ideas to enhance user experience and functionality.
- Support testing and feedback processes to ensure features align with expected outcomes.

PROJECTS

1. **Dimpified** – React, TypeScript, Tailwind CSS

- **Description:** A booking and business management platform that enables service professionals to accept bookings, manage schedules, and receive payments seamlessly.
 - **Role:** Frontend Developer
 - **Achievements:** Built responsive user interfaces, integrated APIs for booking and payments, and improved overall user experience for service providers.
 - **Link:** <https://dimpified.com/>
-

2. **Dimpified Admin Dashboard** – React, Redux Toolkit

- **Description:** Internal admin system for managing users, bookings, and platform operations across the Dimpified ecosystem.
 - **Role:** Frontend Developer
 - **Achievements:** Developed scalable dashboard components, implemented state management, and optimized data handling for efficient admin workflows.
 - **Link:** [DIMP-ADMIN](#)
-

3. **Remsana** – React, API Integration

- **Description:** A business-building platform that supports African SMEs with registration, banking access, credit solutions, and growth resources.
 - **Role:** Frontend Developer
 - **Achievements:** Contributed to building user-facing features, improved usability across flows, and supported integration of core platform services.
 - **Link:** <https://remsana.com/>
-

4. **Unleashified**– React, Frontend Architecture

- **Description:** A digital product platform that helps startups and organizations automate operations and scale using structured digital tools.
- **Role:** Frontend Developer

- **Achievements:** Built reusable components, enhanced UI consistency, and contributed to scalable frontend architecture.
 - **Link:** <https://unleashified.com/>
-

5. Believers Youth Convention Website – React

- **Description:** Event website providing information, schedules, and registration for a youth convention.
 - **Role:** Frontend Developer
 - **Achievements:** Designed responsive layouts and improved accessibility for users across devices.
 - **Link:** <https://believersyouthconventionakure.com.ng/>
-

6. Honsurg Shoes – React, E-commerce UI

- **Description:** An e-commerce website for showcasing and selling footwear products online.
- **Role:** Frontend Developer
- **Achievements:** Developed product display interfaces and optimized user experience for browsing and purchasing.
- **Link:** <https://honsurgshoes.com.ng/>

TECHNICAL SKILLS

- Programming Languages & Frameworks: JavaScript (ES6+), TypeScript, HTML, CSS, React, Next.js.
- UI Libraries & Tools: Tailwind CSS, Bootstrap, SASS/SCSS.
- State Management: Redux, React Query, Context API.
- Version Control: Git, GitHub.
- Testing Tools / Debugging: Jest, React Testing Library, Cypress, VS Code debugging tools.
- Hosting & Deployment Platforms: Vercel, Firebase.
- Collaboration Tools: Jira, Trello, Slack, Kanban Board.
- Frontend Development Practices: Responsive Web Design, Accessibility (WCAG).
- Methodologies: Agile, Scrum.

CORE SKILLS

Effective Communication Skills
Team Effectiveness
Fast Learning
Creative Thinking
Punctuality

Time Management
Good Interpersonal Relationship
Interpersonal And Presentational Skills
Risk Management
Proficiency in Microsoft Office
